Commissioner for Patents P.O. Box 1450 Alexandria, VA 22313-1450

Dear Sir:

This paper is submitted in response to the Office Communication of September 24, 2004, to provide a Telephone Interview Summary.

Telephone Interview Summary

On September 7, 2004, a Telephone Interview was conducted with Examiner Kang and Mark S. Williams (Patent Agent, Reg. No. 50,658). No exhibits were shown. Applicant discussed the prior art of Uczekaj et al (5920718) in light of Applicant's claimed invention, and specifically clarified the nature and definition of the term "graphical program" in the independent claims as described in the present specification. Applicant suggested amending the independent claims to include the definition and filing

an RCE, and submitted that this would bring the case into condition for allowance. The Examiner agreed to consider the amendments and the possible allowability of the case, but indicated that the amendments may necessitate further search.

OUT 12 2004 ESCONCLUSION
